SECTION I. BACKGROUND, OVERVIEW, AND GOALS

A. Background

The City of Greeley is a home rule municipality with a council-manager form of government and is the county seat and the most populous municipality of Weld County, Colorado. Greeley is in northern Colorado and is situated 52 miles north-northeast of the Colorado State Capitol in Denver. According to the U.S. Census Bureau, the population of the city is roughly 111,000 which makes it the 12th-most populous city in Colorado. The City has an annual budget of ~\$490M with a fiscal year that starts Jan 1st, and employees over 1100 employees. Greeley is a major city of the Front Range Urban Corridor and home to the University of Northern Colorado which is a public baccalaureate and graduate research university with approximately 12,000 students and six colleges as well as Aims Community College, which has served the community since 1967.

B. Overview

The City of Greeley ("City") Community Development Department is requesting professional on-call planner service proposals from a qualified consultant firm, team or individual to augment professional planning services for the Community Development Department, Planning Division. The City requests written responses to a Request for Proposal (RFP) for selection of on-call or as-needed planner services associated with one or more proposed projects, including but not limited to, long-range planning projects, general development and land use project reviews, site visits, technical plan check for civil documents and plans, conformance with Federal, State and general compliance with City Standards, Ordinances, and Regulations.

To control costs and provide a high level of professional services to all City departments and the community, the City believes the interests of the community will be best served by using a firm, team or private individual for additional planning services. It is expected that the successful individual, firm or team would be able to contract available resources in response to work demands. Some of the work time will be spent in the Greeley office or on-site.

The successful firm / team shall also have the resources to provide cost effective and timely services to the City. Additionally, the City has an option to interview the selected firm's candidate who will provide On-Call services.
